
What influence did Einstein's alma mater have on the development of quantum mechanics?
What influence did Einstein's alma mater have on the development of quantum mechanics?
single retrieval
① [Step 1: Vector Search] single-pass top-k retrieval
top-k
Einstein studied at ETH Zurich...
Einstein published relativity...
Einstein→ETH Zurich
ETH Zurich→ Quantum Mechanics
evidence chain broken
Einstein published relativity...
Quantum mechanics emerged in 1920s...
incomplete context
② [Step 2: LLM Generate] receives incomplete context
vague answer
hallucination risk
Traditional RAG (failure)
IntentAgent (success)
re-plan
① [Step 1: [Step 1: Intent Classification]
classify intent
dual-path classifier (LLM path + Regex fallback)
Multi-hop, conf=0.92
multi-hop, 0.92
② [Step 2: Strategy Routing] intent label maps to retrieval strategy
Multi-hop → Multi-hop
Strategy
route to strategy
route to strategy
③ [Step 3: Seed Retrieval] vector search retrieves initial
Einstein A enrolled at ETH Zurich in 1896...
Einstein
ETH Zurich
entities in trad passages
expand entities
④ [Step 4: Graph Expansion] expands from 'ETH Zurich' node in a
Einstein→ ETH Zurich → Pauli
Schrödinger → Quantum Mechanics
Card B
Card C
retrieves Card B &r with bridge evidence
evaluate evidence
⑤ [Step 5: Reflection & Quality Gate] evaluates evidence completeness
Q ≥ τ
fallback strategy auto-upgrade
Q ≥ τ
complete evidence
⑥ [Step 6: LLM Generate] receives complete evidence chain
Einstein → ETH Zurich
Einstein → Pauli
Pauli → Quantum Mechanics
Card C
receives complete evidence chain
grounded answer
faithful, grounded
